

TRAILER

FBT FRUIT BIN TRAILER HAULER

FBT 水果拖车

New to our range of orchard equipment the FBT4 trailer takes bin handling to a whole new level.

Auto loading, can take a stack of bins apart and load its self. No forklift required.

Auto unloading , can lay bins out in the orchard or field for filling or pick directly into bins on trailer.

Auto loading, can pick the bins up again when full.

Auto unloading full bins at dumpsite.

This 4-bin trailer can go behind or in front of your tractor for better maneuverability.

The tandem walking beam axle gives a smooth ride for your valuable produce.

Twin hydraulic rams alter the height from flat on the ground to approx. 800mm high.

A hydraulic ram on the draw bar can alter the angle at any height.

A hydraulic motor and heavy forklift chain transport the bins up and down the trailer.

A complete package with all hoses and a three-way control bank included.

Optional 3-bin trailer is available.
